                       B7
 I see a red door and I want it painted black
                   B7
No colours anymore I want them to turn black
Em D G D
                        Em
 I see the girls walk by dressed in their summer clothes
Em D G D
                       A
 I have to turn my head until my darkness goes
F:m
                        B7
 I see a line of cars and they're all painted black
 With flowers and my love both never to come back
      G
                 D
                           Em
I see people turn their heads and quickly look away
Em D G
             D
                  A
Like a new born baby it just happens every day
                       B7
I look inside myself and see my heart is black
                      B7
I see my red door and I want it painted black
Em D G D
                   Em
Maybe then I'll fade away and not have to face the facts
Em D G D A
It's not easy facing up when your whole world is black
                        B7
No more will my green sea go turn a deeper blue
                      в7
I could not foresee this thing happening to you
        G
              D
                    Em
If I look hard enough into the setting \mathop{\text{sun}}\nolimits
Em D G
             D
My love will laugh with me before the morning comes
 Em
                      B7
 I see a red door and I want it painted black
                    B7
No colours anymore I want them to turn black
               D
          G
 I see the girls walk by dressed in their summer clothes
      G D A
 I have to turn my head until my darkness goes
 Em
                     B7
 I wanna see your face painted black, black as night
                     в7
 I wanna see the sun blotted out from the sky
 I wanna see it painted, painted, painted black
